## SEDALIA GOSSIP.

—Sedalia is on the boom.  
—Fair commences next week.  
—Work on the sewer is progressing rapidly.  
—What do you think of the business outlook?  
—Johnson, the colored crook, has been released.  
—These days and nights are pleasant enough for a king.  
—Watermelons are scarce in Sedalia since the colored barbecue.  
—The fair and trades procession will be an extra event in the history of Sedalia.  
—The subscriptions to the new Christian church edifice have reached over \$5,000.  
—Read what the merchants and business men generally have to say about the fall trade.  
—There came very near being a drunken row between two old friends last night on Main street.  
—Blind Billie Johnson's watch was raffled off Friday night and ticket No. 135 was the lucky number.  
—Sheriff Murray was greatly improved yesterday afternoon, and is thought to be on the road to speedy recovery.  
—A man by the name of Wiggins is wanted at Nevada, Mo., for embezzlement. He left Nevada Monday and is supposed to have gone east.  
—County Evangelist Conner, of the Christian church, left yesterday morning for McCormick vicinity to hold a protracted meeting.  
—Major Beck leased his store-room, No. 312 Ohio street, to Q. C. Slack yesterday, for a term of eight years lease to take effect on the 15th of January.  
—Young Willie Whipprecht, who was sent to jail by Judge Halsted, Friday, on the charge of stealing a watermelon, was released yesterday, his father paying the \$15 fine.  
—George Fletcher, the Dresden druggist, whose store was closed up by his brother-in-law, John Baldwin, on Thursday last, has not yet satisfied the claim against him, and his doors still remain closed.  
—Peter Long has been east in the last few weeks and made arrangements with one of the largest tea houses in the United States, so that he can sell the cheapest tea ever sold in Sedalia, at 315 West Main street.  
—Dayik Bernhart, who was fined \$5 and sent to jail by Recorder Levens a couple of days ago, for disturbing the Salvation army meeting, was released last night, his companions coming to his rescue by paying \$3, the balance of his fine.

## Missouri State Fair.

The annual meeting of the Missouri State Fair Association will commence at Sedalia, Monday, August 15th, and continue during the week. There has been a change in the management which is now in the hands of prominent farmers and merchants. The citizens of Sedalia and Pettis County are taking great interest in the fair this season judging from the liberal private premiums shown in the premium list which will aggregate fully \$1,500. Regular premiums \$10,000 in addition. Trade procession of 100 floats, Tuesday evening, August 16. Fireworks same evening in charge of a Cincinnati firm. For catalogue or further particulars address, JAS. MONTGOMERY, Secretary, Sedalia, Mo.

## The University of the State of Missouri.

All the departments of this institution located at Columbia, Boone county, will open September 15th. The attention of the youth of the state, of both sexes, and parents and guardians is especially invited to this announcement. The additional advantages here offered rank among the very best in the land and it is not known where equal advantages can be had at such moderate cost. The expense ranges from \$150 to \$300 a year here, against \$500 to \$1,000 in the east, not including traveling and clothes. S. S. LAWS, President.

## Lamonte Will be Welcome.

The Lamonte Record suggests that the necessary arrangements for a display of floats from that place be made for the trades procession here and asks the merchants to take the matter in hand.  
By all means let Lamonte get to the front in the procession and show everybody what she can do.

## Photographed.

The drill corps of the Sedalia Legion No. 8. K. of A. O. U. W., arranged themselves in line in front of the west side of the court house at 10 o'clock yesterday morning, and had Photographer Latour exercise his artistic ability of photographing upon their handsome figures and uniforms.

## 'Squire Steelman Dead.

'Squire W. C. Steelman, well-known throughout the county, died at his home, near Beaman, on Friday morning. Mr. Steelman has filled various positions of trust and was for several years justice of Beaman township. The funeral occurred Friday evening from Mt. Olive church, near Beaman, and was largely attended.

—Carter's Little Liver Pills are free from all crude and irritating matter. Concentrated medicine only; very small; very easy to take; no pain; no griping; no purging.

## MORE ABOUT THE FAIR.

## The Fair and Trades Procession Still on the Boom.

It was stated in the BAZOO on Friday that the special train on the Lexington branch of the Missouri Pacific during the fair week would start from Concordia, but since that time, arrangements have been changed, and the special will start from Lexington, at 7 a. m., arriving in Sedalia at 9:20. Returning, leaves Sedalia at 6 p. m. After the arrangements had been completed, Superintendent Clarke suggested that the special train be held on the night of the 16th inst. until 11 o'clock, to enable those attending the trades procession to return home that night. The suggestion was a good one, and it was so ordered.  
In regard to those wishing to put upon exhibition any picture or work of art, Mr. Montgomery wishes it requested of them to place the same in the art hall on Saturday evening, as Monday will be a very busy day at the fair grounds.  
Mr. W. L. Beidler returned from Marshall yesterday, where he has been attending the fair. In conversation to a BAZOO reporter, Mr. Beidler informed him that a lot of horses, the finest at the Marshall fair in seventeen years, would be brought to the State Fair here next week. He added that the Ilgenfritz horse, “Willie F,” won the 2:30 pacing race Friday. Mr. Dalby has informed the BAZOO that there will be in all over ninety floats in the trades procession, which includes those from Lamotte, Green Ridge and other towns throughout the county.

## They Want a Divorce.

Yesterday morning two divorce suits were filed with the clerk of the circuit court. One of them was filed by Mary T. Hollowell against her husband J. E. Hollowell on a charge of failure to provide. She asserts in her plea that she was a kind and affectionate wife up to the time of their separation.

The other is Laura E. Baker who wished the ties of wedlock severed from herself and husband, Mr. Gardner L. Baker. She states in her complaint that they were married on January 14, 1865 in Franklin county, Maine and lived together until September 25, 1885, that while they were together she was a true and devoted wife and always treated him with kindness and affection. She states as her cause for action non-support and prays the court to grant her a divorce. Baker is a fisherman at what is termed “Marked Tree,” near Harrisburg, Ark., and no doubt attributes the unpleasantness to a “fisherman's luck.”

## Scarlet Fever and Diphtheria

are spread by contagion, by the transfer of living matter. These particles come from the skin, the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect promptly and thoroughly with Darby's Prophylactic Fluid, the great germ destroyer.

Prof. H. T. Lupton, of the Vanderbilt University, Tenn., says: “As a disinfectant and detergent, Darby's Prophylactic Fluid is superior to any preparation with which I am acquainted.”

## A Reduction.

The Missouri Pacific has issued a circular regarding the hospital service of the road, in which one of the paragraphs specifies that on and after August 1, deductions for the hospital fund from the wages of employees will be made as follows: “On wages earned of \$50 per month and over, a deduction of 50 cents shall be made; on wages of under \$50 per month, a deduction shall be made. No deduction will be made when the amount earned is less than \$1.35 in any one month.”

## Death of Lencie Middlekauff.

J. Lencie Middlekauff, who was kicked in the stomach by a pony last Monday, died at 5 o'clock Thursday at the residence of his parents, Mr. and Mrs. Robt. Middlekauff. He was aged twelve years and ten months and was a remarkably bright and promising boy who left a large circle of loving friends to mourn his loss. The funeral took place Friday at 4 o'clock from the family residence, Rev. J. J. Wilkins officiating. The bereaved parents have the sympathy of the community in their bereavement.

## Tired of Kansas.

A prominent real estate agent of this city has received a letter from a Kansas party, in which he desires to learn if there are any farmers or land holders in this county wishing to trade Missouri land for that of Kansas. He states that there are a number of farmers in his locality anxious to emigrate from Kansas to Missouri. This evidently shows to the average individual that those who have settled in the prohibition state are becoming anxious to emigrate to a more congenial climate.

## At His Old Tricks.

Some time ago Dan Fish was unfortunate in getting used up in a runaway which placed him on the retired list. Last Friday evening he ventured forth with one of Wm. Smith's oldest teams, but had not been driving long before the team concluded they must keep up his reputation and when they finally rounded up, the only thing left was pieces of the wagon and small bits of harness scattered over the North side. The horses escaped damage and so did Dan, with the exception of the circus performance he was compelled to indulge in at the start. It is expected that he will attend strictly to cutting beef for Wm. Smith in the future.

## PAVING FIFTH STREET.

The Cost as Estimated by City Clerk Thompson.

There has been an idea prevalent among a large number of the property holders on Fifth street that the cost of paving the street would amount to several thousand dollars for each front lot. City clerk Thompson has estimated the cost for the work taken from the city engineer's report of Omaha, Neb. The estimate is based on a lot of 45 feet frontage with paving of cedar blocks laid in the usual manner. The estimate cost of curbing per lineal foot is \$38.25 and allowing 110 square yards to the lot at \$1.50 per yard places the cost of paving the street at \$165, making the total cost per lot only \$201.25. These figures are more correct than those which have been stated by a number of the citizens. The city clerk has written several letters to various cities for the purpose of obtaining further information regarding the matter.

## Law Makes Order.

The Salvation Army had a good attendance at their meeting last night, and some interesting remarks were made. Since the city officials have been dealing strictly with those who have made disturbances, there is that respect shown to the Army people any church organization deserves. The city attorney and the recorder have expressed themselves as being determined to punish according to law any who attend these meetings with a purpose otherwise than to behave as they would in any other church of the city. As the city attorney stated: “If you can't go there and be civil, stay away.”

## A Gas Float

Mr. Montgomery, of the Fair Association, stated last night to a BAZOO reporter that the people of Sedalia would be astonished when they saw the number of floats in the grand parade next week. Said he: “Every carpenter in this city is filled with float material.”

The latest addition to the matter of floats is that one of Sedalia's prominent merchant's is preparing a float that will be lighted with gas. Mr. Montgomery thought it best to not give the party's name.

## Ten Minutes To Leave Town.

There were only four prisoners brought before the recorder yesterday morning. On Friday night Officer Jim Gossage arrested John E. Barr, John Hughes, and R. C. Tucker, while sleeping in box car en route to Kansas City. They pleaded guilty to the charge of trespass and were each fined \$3. Tucker had \$4.80, and the recorder let that amount satisfy and released the vags, giving them ten minutes to leave the city.

George Williams, drunk, was fined \$5, and will break rock for that number of days.

## New Furniture Throughout.

After Tuesday next the police court will be held in the new building. There has been some dispute as to using the old furniture in the old building, or purchasing new throughout. A few members of the council were in favor of using the old, but the mayor and the balance of the council being strongly opposed to anything of the sort, it was finally decided to put in a brand new outfit.

## Two Hours Late.

The M. K. & T. train from the south, due here at 10:30 o'clock last night, was two hours and five minutes late. The delay was owing to the burning of a bridge in Texas. At first it was reported that a wreck caused the delay. None of the particulars could be learned up to the time of going to press.

## A Neat Counter.

One of the neatest pieces of artistic workmanship may be seen by walking into the gents waiting room at the depot and taking a look at the lunch stand which has nearly been completed and will be ready for occupancy this week.

## A NEW ARRANGEMENT.

## A Special Train on the Lexington Branch During Fair Week.

The Fair association this morning completed arrangements with Superintendent Clarke, of the Missouri Pacific, for a special train on the Lexington branch during fair week, to run from Concordia, Mo., starting from that place at 7:30 a. m., arriving at Sedalia at 9 o'clock and leaving at 6 o'clock in the evening. Arrangements were also made for the accommodation of western passengers, by putting on an extra coach on the 7 o'clock west bound train. As stated in the BAZOO a few days ago, each day adds something new in the way of promoting the success of the coming fair, and this latest addition shows conclusively that the association are sparing no trouble or means to make the fair a success.

## GONE TO JAIL.

## Young Whipprecht Fined and Sent to Jail, All on Account of a Watermelon.

Willie Whipprecht, a lad about twelve years of age, was arraigned before Justice Halsted this morning, charged with breaking into a Missouri Pacific car loaded with watermelons. The boy's story and also that of officer Finch, who made the arrest, is that last night Willie, in company with John Howell, jumped on an incoming train and seeing the car door open young Howell climbed into the car secured the melon and handed it to Willie. Soon the train stopped and Willie with melon in hand was walking away when Officer Finch made the arrest. Although such an offense is punishable by states prison, the Judge on account of his tender years fined him \$5 and costs amounting to \$14.80, which Willie could not pay and was committed to jail. Young Howell seeing the officer, made good his escape but a warrant has been issued for his arrest and when captured he will be dealt with according to law.

## NOONAN GETS FIVE YEARS.

## En Route on the Morning Train For Jefferson City.

Marshall McGowan, of Kansas City, passed through the city this morning en route to Jefferson City with Dennis Noonan, the train wrecker. Noonan was sentenced about seven weeks ago as an accessory to the train wreckers at Kansas City during the big strike there in March, 1886. He goes up for five years, which was the minimum sentence. The balance of the gang have not yet been dealt with and it is thought that they will receive a lifetime sentence. Marshal McGowan stated this morning that Noonan bore his sentence bravely and had won the sympathy of all acquainted with the trial.

## An Amusing Incident.

Yesterday evening while all the darkies in the city were preparing for their grand barbecue, there approached the railway crossing on Ohio street an old colored couple in their one horse cart. The harness on the horse were not securely fastened and just as they drove onto the track a switch engine came along. The horse became frightened and made a start when the harness gave way, the shafts “flipped” up, dumping the couple onto the railway track. For a moment, or until they saw they were not hurt, their cries were at the highest pitch. The incident afforded a hearty laugh for all about the depot.

## The Grim Messenger.

A telegram arrived in this city yesterday announcing the death of Mrs. James Glass at Pasadena, Cal., Wednesday night last. Mrs. Glass was a most estimable lady and had a large circle of friends in this city who will regret much to hear of her death. She leaves a husband and three children to mourn her loss, as well as three brothers and a sister. She was a member of St. Vincent's Catholic church, and the funeral services will be held in that church. It is believed the remains will reach here next Monday or Tuesday.

## Endorsed by Physicians and Druggists.

Everybody knows the general uses of a plaster, and that Benson's Caprine Plasters are the best.

## Released From Jail.

John Johnson, colored, was released from the county jail yesterday. At the April term of court Johnson was sent up for three months on a charge of attempting to carve, with a razor, a colored woman named Mary Anne at a darkey ball in February, near Longwood.
